DE-Paint XN-77

Paint remover/ cleaner

DE-Paint XN-77 is a user – and environment friendly organic paint remover. It has been especially developed for removing persistent and partly cured contaminants such as paints, lacquers and dispersions. This cleaner has a high solvency power and is primarily used in automatic washing equipments.

Technical Data	
Density (g/cm ³) at 20 °C	1,00 – 1,10
Surface tension (mN/m) at 25 °C	< 40
Boiling range (°C)	> 200
Flash point (°C)	> 125
pH-value (10 g / l H ₂ O)	> 13,0
Vapor pressure (mbar) at 20 °C	< 0,01
Application temperature (°C)	25 – 90
Self ignition (°C)	> 200
Solubility in water (%)	partially
Application concentration (%)	100
Biodegradability	yes

Application Areas			
Removes:			
Solvents based coatings	++	Water based coatings	+ (++)

Processes			
Dip cleaning	++	Spray in air	++
Ultrasonic	++	Brushing	++

++ very recommended	+ recommended	o possible, but not recommended	- not recommended
---------------------	---------------	---------------------------------	-------------------

General information
Low foaming
Non distillable
Compatible with steel and aluminum
Excellent price-performance ratio
Shelf life in closed containers: 2 years
