Pro-Environmental, green Solvents and Cleaners

We are experts at replacing hazardous substances that cause problems for the user and the environment.

As inventors and producers, we offer far more than replacement products. We work with you to devise problem solutions tailored to your specific needs.

Thanks to our practical experience and broad expertise, you receive a total sustainable solution with an optimal degree of effectiveness.

Synthetics solvents

- *RESIN-Clean EXP-Series: efficient and universally in tune with today*
- *RESIN-Clean A-Series: proven by experience*
- *RESIN-Clean HPT-Series: user-friendly, environmentally sound with good solvency power*

Glue and resin solvents

- *ELASTO-Clean L: top dissolving strength and quick drying*
- *ELASTO-Clean E: proven and environmentally safe*
- *ELASTO-Clean WV-Series: water-dilutable and powerful concentrates*

Varnish removers, strippers/paint solvents

- *DE-Paint: highly efficient and unreachable*
- *RESIN-Clean BM-Series: the workhorse*
- *RESIN-Clean S-Series: for stubborn Epoxy-coatings*

Special cleaners for greases and oils

- *META-Clean H-Series: strong-acting and efficient*
- *UNI-Clean-Series: for manual application and closed equipment*
- *META-Clean W-Series: the new, symbiotic formula*
