Färber & Schmid AG and ProWaTech AG enter into partnership

Dear Sir or Madam,

We are delighted to share some important and exciting news with you today. **Färber & Schmid AG** and **ProWaTech AG** will be joining forces on 1 September 2025.

We are joining forces to offer you, our customer, an even broader range of services and optimally tailored solutions.

As part of this partnership, ProWaTech AG will take over the technology and service department of Färber & Schmid AG, including all employees. This means that your trusted contacts will remain the same, now embedded in the structures of ProWaTech AG.

How you will benefit from the new collaboration:

- **Färber & Schmid AG** will remain your reliable supplier of chemicals and will continue to manufacture products for ProWaTech AG in the future.
- **ProWaTech AG** will take over the entire service and plant business and contribute its many years of experience in the planning, construction and support of technical plants.
- The combination of chemical and technical expertise creates **tailor-made complete solutions**.

We are convinced that this combination is a real win for everyone involved – especially for you as a customer. Together, we will do everything we can to continue offering you the best possible service and the high quality you have come to expect.

Please do not hesitate to contact us if you have any questions.

Kind regards

Färber & Schmid AG and ProWaTech AG
