

Separation- and flocculating agents

Reaction release agent for wastewater from phosphating, cathodic dip coating, pretreatment, dip coating, powder coating, degreasing, and vibratory grinding

Product	Properties	Application	Delivery form
ZetaPol 1100-A	<ul style="list-style-type: none"> extremely high performance product brilliant and clear water phase perfect sludge dewatering good and fast flocculation Activated Carbon 	<ul style="list-style-type: none"> removes turbidity for all industrial waste water streams good for the improvement of flocculation achieves brilliant water phase Reduction of AOX, FOCL, COD, TOC Removes discoloration 	<ul style="list-style-type: none"> Bags with 10 kg net Pallet with 600 kg net BigBags with 800 kg net
ZetaPol 1113	<ul style="list-style-type: none"> interesting price-efficiency ratio good flocculation perfect sludge dewatering low tendency to smear multi purpose use 	<ul style="list-style-type: none"> removes turbidity for all industrial waste water streams good for the improvement of flocculation achieves brilliant water phase good sludge sedimentation 	<ul style="list-style-type: none"> Bags with 10 kg net Pallet with 600 kg net BigBags with 800 kg net
ZetaPol 1113-Clear	<ul style="list-style-type: none"> Special products for dispersion glues strong flocculation high splitting- and flocculation properties multi purpose application 	<ul style="list-style-type: none"> clearance of turbidity for emulsion/dispersion splitting improves flakes achieves brilliant water phase 	<ul style="list-style-type: none"> Bags with 10 kg net Pallet with 600 kg net BigBags with 800 kg net
Permatron 13-BF	<ul style="list-style-type: none"> good flocculation achieves clear water phase perfect sludge dewatering high filtration property for highly concentrated waste water 	<ul style="list-style-type: none"> removes turbidity for all industrial waste water streams Stable flocculation achieves brilliant water phase good sludge sedimentation 	<ul style="list-style-type: none"> Bags with 10 kg net Pallet with 600 kg net BigBags with 800 kg net
